

Arcus Mortuary Cabinets

Built in WA, the Arcus Mortuary Cabinets are designed and manufactured to meet your expectations. These cabinets can be customised to any specifications and to be suitable for any space. Our standard cabinets are available in one, two, or three bier designs, and can be either side or end entry.

Available as standard in 1, 2 and 3 bier, end or side entry.

Internals can be hosed out as long as care is taken to avoid the evaporator

Designed to maintain a temperature of between +2 and +4 degrees C

Can be manufactured to suit bariatric or standard cadavers.

Refrigeration can be internal or remote

Keyed alike lockable doors with optional secondary locking system for added security on sensitive cadavers

Internal and external stainless steel construction

Gas strut assisted doors means they are easy to open and they stay open

Fully removable bier rolls directly onto suitable trolley for easy loading and unloading.

3 Bier Side Entry Shown

Did you know we also custom build for your needs and have built larger storage facilities for the likes of Joondalup Health Campus and SJOG Midland

Made in Western Australia

2 bier end entry unit.

Model	Biers	Dimensions ² (mm)			Power
		Width ¹	Depth	Height	
END ENTRY CABINETS					
1 BMC EE	1	1010	2456	1680	1ph / 10a
2 BMC EE	2	1010	2456	2150	1ph / 10a
3 BMC EE	3	1010	2456	2350	1ph / 10a
SIDE ENTRY CABINETS					
1 BMC SE	1	2375	1106	1680	1ph / 10a
2 BMC SE	2	2375	1106	2020	1ph / 10a
3 BMC SE	3	2375	1106	2350	1ph / 10a

1. Width is always as you face the door. 2. Dimensions are with the door closed, are approximate and are for bariatric cabinets. As each cabinet is custom made to order, there may be some small dimensional differences in the final product. 3. In line with policy to continually improve its products, Arcus Australia Pty Ltd reserves the right to change specifications and design without notice. E&OE

Mortuary Cabinet Trolleys

Arcus offer a range of trolleys that are modified to ensure 100% compatibility with our mortuary cabinet range.

All our trolleys come with electric lift which allows for easy loading and unloading of cadavers. Not all trolleys are suitable for all cabinets, so if required a suitable trolley can be quoted with the cabinet.

OPTIONS.

- Concealment or non concealment.
- Power drive or standard push along.
- Standard or heavy weight capacity.
- End entry or side entry.

Have you seen our video on how to use the mortuary trolleys with the Arcus mortuary cabinets.

Check out the mortuary cabinet page on our website if you haven't

1. Side Entry Trolley
2. End Entry Concealment Trolley, Without Cover.
3. End Entry Standard Trolley
4. End Entry Concealment Trolley, With Cover.
5. End Entry Trolley with Arcus 2 Bier End Entry Cabinet
